6. After the download is complete, please restart the PCMTUNER software, then click "MPM Plug", fill in the activation password again, and you can obtain the activation password in the following two ways:

(1) Open the official website (www.tuner box.com) , foreign customers can add technical staff's "whatapp" number and send Hardware ID to them to get activation password.

If you are a Chinese user, please contact your seller, then send the Hardware ID, and you will receive an activation password.

61575-F3F60-		R
Registration Information	2	
(ey		

(2) Log into the website www.tuner-box.com, (the account number is your email + serial number), click "Create nes ticket" and enter the Hardware ID to submit the activation. The engineer will send you an activation code within 24 hours. After obtaining the activation password, please operate as shown below:
